Seminar Series

Guest Speaker:

Yumin Qiu, M.D, Ph.D

Cardiology specialist

The Primary Prevention of Cardiovascular Disease

Cardiovascular Disease (CVD) remains the leading cause of the modality and the mortality. The primary prevention of CVD will significantly reduce the incidence of the disease. This lecture is to summarize the current guideline from ACC/AHA regarding the primary prevention of the CVD. The six myths surrounding the prevention of CVD will be discussed. A few uncommon but treatable causes of the CVD will also be discussed.

Language :

Presentation in English; Q&A in Chinese or English
